The Pathways Foundation: Guiding teenagers and parents through the transition into adulthood

The Pathways Foundation was created by men and women who were concerned about the health and wellbeing of teenagers in Australia. We are a high impact social venture that provides a contemporary, community based rite of passage for **Boys into Manhood** and **Girls into Womanhood**. Since 1995, the national, award winning **Pathways to Manhood** program has been transforming the lives of Australian families.

Become a Pathways Foundation Leader

To make the important work of the Pathways Foundation available to more boys, we are looking for men who are natural leaders, to be trained to become Pathways Leaders. These leaders will join our team to assist in running Pathways to Manhood programs in their own communities.

“It's the most significant thing I do in my life”

The Process

STEP ONE - Leadership Development Program

Conducted as a 4 day residential program, it is highly regarded and is attended by local community leaders as well as business executives looking to grow their own leadership skills in the workplace. It will give you the skills to become a true and respected leader in all aspects of your life.

“After attending many leadership programs I was attracted to Pathways as it offered a different learning opportunity. I wasn't disappointed. I recommend this to aspiring leaders, new leaders and experienced leaders alike...”

– Richard Burton *Managing Director AMP Capital Office and Industrial*

STEP TWO - Hands on traineeship and mentoring

Become a trainee leader on our Pathways to Manhood camps where you will:

- experience the value a rite of passage brings to the transition from boy to man
- and assist on the camps while receiving hands on training and mentoring.

“Vitaly important for the wellbeing of young men...”

Why become a Pathways Leader?

- Enhance your ability to excel in your current career by improving your own personal leadership through our Leadership Development course and personal mentoring.
- Give back to your community and experience the value you receive by working with men and their sons towards positive and healthy teenage years.
- Enhance your personal and family life through a stronger understanding of who you are.

“It increases my capacity to be a better father and husband...”
